Council Proceedings

Casing in Old Grant To Be Pulled. Sewer Work Progressing. Accounts Passed. M. H. O. Report. Plan for Gas Distribution.

A special meeting of the city fathers was held in the council chamber on Friday evening with all the members present, except Ald. Wallace and MacKenzie.

After a motion, waiving the legal notice regarding the calling of the meeting was passed, a general discussion regarding the gas wells took place. As there is a shortage of ten inch casing for gas well number two, it was decided to pull the casing from the old Grant well and the following was unanimously carried: Compton-Urwin—That, arrangements be made with the International Supply Company, Limited, to pull the ten inch casing out of the old Grant well and that the company get half the inch casing for their labor in pulling the pipe and filling well to the required depth. The city to place the filling material on the ground.

It was pointed out that there was considerable sewer work that should be done this year, and it was decided to proceed with the work, and as the bank would not advance any further funds money to be paid the workmen will be credited to them on their taxes for the current year. Meeting adjourned.

The regular meeting of the city council was held on Tuesday evening with all the members in attendance except Ald. Cutler.

After the adoption of the minutes of the last regular and special meetings, a circular letter was read from a committee in Regina desiring of calling a convention to decide ways and means of getting the people back to the land. It was moved by Compton-MacKenzie—that letter be acknowledged, stating that the council

was in sympathy with the proposed movement, and asking that more information be supplied.

Chief James wrote asking for additional clothing for himself and Constable Turner, which they were entitled to under the arrangement made with the city. The matter was referred to the police, and relief committee.

Dr. Stevenson, medical health officer, presented his report for the month of August, showing that there were no infectious or contagious diseases reported to him during the month. The health of the city was extraordinarily good. The report was received and filed.

A letter from the International Supply Company Limited re the contract for cleaning out the gas well was read. This was received and filed.

The next letter was from the city engineer of Medicine Hat in connection with a plan for the distribution of gas for the city. As he did not know the layout of the city he could not give any definite information but suggested that low pressure meters be used. As he will prepare a plan for Wetaskiwin when he is supplied with further information, the matter was referred to the gas committee and Mr. Crane to prepare the plan.

The finance committee reported that the auditor's recommendation in connection with the grant to the hospital had been complied with.

The fire and water committee reported on the claim of the C.P.R. that their water charge was excessive. At the close of the present quarter a new meter will be installed.

The application of O. H. Johnson connection to their premises on Mill and Mrs. L. A. Parriss for water street and highway street respectively, was recommended, and the work will be proceeded with as soon as possible.

The fire and water committee is of the opinion that there will be a deficit in their department at the close of the year, and it is possible that the rates will be slightly increased at the first of the year.

Ald. Wallace, chairman of the police, house and relief committee reported verbally that an arrangement had been made with the Wetaskiwin Undertaking Co. Limited for the interment of paupers, the charge being \$18 for adults and \$15 for children. Wallace-Gothard—that the report of the committee be adopted, and that a contract be entered into with the Wetaskiwin Undertaking Co., embodying the terms of the arrangement.

Mayor Ellis reported that it was likely that gas well No. 3 would be located on Lansdowne street west.

on a lot through which the old creek bed passes. The price of the property is now being procured from the Townsite Company.

Accounts were then passed for payment as follows: General, \$1833.85; waterworks, \$156.48; electric light, \$322.32.

A brief discussion then took place of the requests before the city for oil drilling privileges, when it was moved by Wallace-Gothard—that the company to take all the oil, and that the Canadian Leasehold Limited be offered the privilege of each locating three wells within the mineral reservations now held by the city, with the understanding that the city take all gas that might be found, the company to take all the oil, and that a contract be entered into. Carried. Meeting adjourned.

Wetaskiwin a Gas City

Big Flow of Gas Found in New Well at Shallow Depth. Inducements Can Now Be Offered Manufacturers.

Fuel Problem Solved.

The citizens of Wetaskiwin are jubilant over the strike of gas in well number two on Wednesday afternoon, as it proves without a doubt that this city is situated in one of the best gas areas in Canada.

Announced before, gas in small quantities was found as the well was in progress, but yesterday, when the drill was at a depth of 1215 feet, a good flow was encountered. When the gauge was applied, it was shown that the volume was 336,000 cubic feet in twenty-four hours, and the pressure will be about 150 pounds. A greater flow of gas has been found in well number two than in well number one at the same depth, and the logs are almost identical. The big flow in well number one was reached at a depth of 1347 feet, and it is reasonable to hope that

WARNING TO FARMERS

One of the most prominent grain men in the city has requested The Times to forcefully warn the farmers not to thresh their grain for at least ten days or two weeks until it is thoroughly dried out after the recent rains. He pointed out that a couple of years ago the farmers threshed before the grain was fit, and as a consequence the crop was materially injured. On account of the inferior quality of grain shipped from Wetaskiwin this year, the district lost very seriously as a grain producing section, apart from the loss to the farmers. Do not let it occur again this year! Wait. There will be plenty of dry weather in the winter sets in.

Wetaskiwin Exhibit for Calgary

Farmers in This District Should Get Big Prizes. Co-Operation Is Urgently Solicited.

A meeting of citizens was held in the council chamber on Wednesday evening when it was decided that the Wetaskiwin district should not let the opportunity pass of competing at the International Irrigation Congress to be held in Calgary, October 5 to 9. The crops in this section of the country this year were never better, and if a careful selection is made of the exhibits, Wetaskiwin should stand a good chance of carrying off the banner prize in the district competition. Delegates will be in attendance from over Western Canada and the States, and it is one of the best opportunities of bringing the possibilities of this district before the world. The exhibits winning the best prizes will be retained by the government to be shown at the world's fair next year.

The meeting was very enthusiastic over the proposition, and it was felt that with the co-operation of the farmers, this district could capture a goodly share of the awards. A committee composed of Mayor Ellis, T. C. Rubra and C. E. Compton was appointed to take the matter in hand and arrange for the collection of the best grains, etc., that the district produced this year. F. P. Kelley & Co. has kindly granted the use of their office for the collection and storage of any exhibits the farmers may bring in and where the display will be arranged before being sent to Calgary.

It now remains with the farmers to be loyal to the district and assist in bringing in the best that can be produced to Kelley and Company's office. This will require little effort on the part of the individual, and when it is labelled the competitor will be given due credit for the exhibit. The time get busy is now, as there is no time to be lost. Mayor Ellis will be pleased to give any further information in connection with the matter.

The prizes offered for the display of roots and vegetables are: 1st \$250; 2nd \$150; 3rd \$100; 4th \$50; 5th \$25; 6th \$15; 7th \$10; 8th \$5. Diplomas to be given with each prize.

In addition to the district displays handsome prizes are offered for individual classes, and it is thought that the Wetaskiwin district farmers will stand out and shine.

be able to capture some of the money in this competition, if a reasonable amount of care is taken in preparation of the exhibit. For display of grain shown in the wheat, \$100 is offered as 1st prize; and \$50 as 2nd prize; 3rd \$25; 4th \$15; 5th \$10; 6th \$5. For Grasses the prizes are: 1st \$50; 2nd \$25; 3rd \$15; 4th \$10; 5th \$5. For the best two bundles of hard spring wheat, \$100 is given as 1st prize; and a similar sum is offered for winter wheat and six weeks barley. Mayor Ellis requests that farmers having oats with three berries to the hull bring good samples to the office of Kelley & Co., as well as winter good samples they may have. The matter now rests with the farmers to bring this district into the prominence it should have this year, with the banner prize being garnered. Get busy.

A quiet wedding was solemnized at the Knox church manse on Saturday last, when Mr. Bruce Chumney, of Belle of Kite, Colorado, and Miss Sarah Bacon Harris, of Edmonton, were united in the holy bonds of matrimony by Rev. C. E. A. Poole, B.A. The ceremony was witnessed by a few intimate friends of the young couple who joined in wishing the marriage years blessed with health and happiness.

Town Topics

Sittings of the Supreme Court will be held here commencing Tuesday, Sept. 22th.

You'll not be disappointed in the Suffrage Parade as presented by the "Y" girls on the 28th.

Bd. Chandler and bride, of Lethbridge, arrived in the city on Monday to spend a portion of their honeymoon at the home of the former's parents, Mr. and Mrs. D. E. Chandler.

Robt. Ward, who has been employed near Banff during the summer returned home on Sunday morning. He is now looking well having fully recovered from the attack of rheumatism he had last spring.

The moving picture scenes "Sixty Years a Queen," shown at the Angus Theatre on Friday evening last, were the best seen in the city for some time. A matinee was given to the school children in the afternoon.

J. A. Tully, representative of the Oldfathers' relief association, was in the city the fore part of the week in the interests of his association. Miss Florence Kelley has opened a museum in Room 1, Commonwealth Block.

The tax demands for the current year were issued from the city offices this week. The rate for public school supporters is 24 mills, based on an assessment of \$2,849,658. A ten per cent discount is allowed up to November 1, and 5 per cent discount up to December 1.

Arrangements are proceeding satisfactorily for the holding of the Provincial convention of the W.C.T.U. in this city from September 25th to 28th inclusive. Among the principal speakers will be Mrs. Ada Wallace, national lecturer of the organization, and Mrs. McKinney, of Clareholm, president of the provincial association. The opening meeting will be held in the Methodist church on Friday evening, Sept. 25, at eight o'clock, and at which Mrs. Tully will give an address. This will be the citizens' welcome to the delegates, and Mayor Ellis will occupy the chair. An interesting program of music will intersperse the addresses. All the sessions of the convention will be held in the Methodist church, and the public is cordially invited to attend. On Monday evening, Sept. 28, the big convention will conclude with the holding of the gold medal contest and the presentation of that amazing suffrage force "Adream Come True." This entertainment will be given in the Empress Theatre.

War News Summary

German Right Wing of Army Is Surrounded. Both Armies Preparing for Another Big Battle. Russians Advancing Towards Berlin. 250,000 Austrians Reported Killed.

Sept. 11—While the latest official statements give few details of the great battle which is being waged in France and in which three million men are engaged, it seems apparent that the German forces are still falling back from the announcement that the allies have gained about 36 miles of territory in their advance, an increase of twelve in the operations in progress in the last 24 hours. Both the German and allied armies in this territory is receiving reinforcements and the battle in France is likely to last some days yet.

Both British and French troops have crossed the river Marne, the British capturing men and guns. The action of greatest severity is being fought between Malmy and Vitry le Francois.

In an engagement between British and German in Nysselsdorp, in British Central Africa, the Germans, according to the British official press bureau, were driven back to the River Songwe, which is part of the frontier between the British and German protectorates.

Prince Joachim Albrecht, of Prussia, son of the late Prince Albert Frederick, regent of Brunswick, and a second cousin of the German Emperor, has been wounded in battle.

The British prime minister has called for more men to serve the country, and when the government plans are completed the British army will number 1,554,000 men.

Additional British casualties have been made public covering the period up to September 7, and bringing the total for the campaign close to 19,000 killed, wounded and missing.

Sept. 13—The German right wing and its army in the center are retreating before the allies in France according to French official reports. Guns, men and stores are said to have been captured by the allies.

Semlin, in Austria, across the river from Belgrade, has been taken by the Russians.

The Russians have taken Tomaszow Russian Poland, and report that they have repulsed the Germans near Choczule and Mysinec.

Reports from Szent Pálos, say the Russian 22nd army corps has been defeated by the Germans at Lyck.

A newspaper dispatch reports a portion of the German army in Belgium in dire straits for want of food supplies.

President Poincaré of France has sent a telegram to President Wilson, desiring that the French are manufacturing and using dum dum bullets, as was charged by Emperor William.

Sept. 14—The retirement of the German army virtually all along the line in France continues, according to French official reports, and advice from Switzerland describe the profound impression that the news of the German retreat has created a

mong the Swiss-German frontier and in various parts of Germany. Already the German forces have been pushed back by the allied armies, at some points to a distance of sixty miles or more, and the French have succeeded in occupying several towns they evacuated two weeks ago.

The Belgians have taken the offensive and are reported to have captured the German line of communication, forcing them to use the line through the Meuse Valley and Liège.

The senate and assembly of the union of South Africa have pledged allegiance to the empire, and have approved the action Great Britain has taken in defence of liberty and sanctity of international obligations.

Russian official advices describe the operations in Russian Poland culminating in the victories of Krasnik and Tomaszow. One million were engaged on the Austrian and German side and for six days the Russians remained on the defensive, finally undertaking a general offensive move-

THANKSGIVING CHANGED

Ottawa, Sept. 10.—Thanksgiving day will not be celebrated on Thursday, October 8, as officially announced yesterday, but on the following Monday, October 12. A new order-in-council has been passed fixing the date as the 12th. The change was made when the attention of the government was called to the fact that in order to suit the views of the majority of the people, Thanksgiving day has for several years past been fixed for Monday. This gives a long week end and allows many people, more particularly the commercial travellers, to spend that day at home. Owing to the pressure of business this practice was overlooked by the government in fixing the date for October 8, although the mistake has been rectified.

Mrs. W. B. Gray had a narrow escape last Friday night while returning from the Red Deer river. She had just left the river when a horse came up and a lightning stroke carried away the top of the buggy and splintered a telegraph pole nearby. Mrs. Gray, who was accompanied by her daughter, had two guns in the buggy, and it is supposed that the guns carried away the discharge of electricity to the ground and thus saved her life. It was however a narrow escape—Independent.

Had a Weak Heart and Bad Shaky Nerves for Years

Milburn's Heart and Nerve Pills Cured Him

Mr. H. Perry Turner, Marie Joseph, N.S., writes: "I have had a weak heart and bad, shaky nerves for years, and have tried almost everything, but nothing did me any good till I was advised to try Milburn's Heart and Nerve Pills. I was surprised to find how one box helped me, so I tried two more and am now completely cured. You may use my letter as an aid to others suffering from heart or nerve troubles."

Milburn's Heart and Nerve Pills are a specific for all run down men and women troubled with their heart or nerves.

At all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

FOR SALE BY H. L. HIGGS.

WHAT ALBERTA WOMEN CAN DO FOR THE SOLDIER BOYS

The women of Alberta, in common with the women all over the Dominion, can render valuable practical assistance to the soldiers who have so willingly volunteered for active service, and are now on their way to the front, by furnishing the army medical corps with the following articles:

For ward use.—Pillow cases, towels, tablecloths, medicine cloths, utensil cloths, roller towels, fomentation wringers, hot water bottle covers, bandages of all descriptions, mug covers, knitted jackets.

For patients' use.—Calico shirts, socks, handkerchiefs, dressing gowns, slippers, shirts of flannel for hospital cases, flannel jackets, bed socks, pyjamas, flannel underwear, abdominal binders.

These lists have been supplied by the Canadian relief committee formed at a meeting held recently at the Government House, Ottawa, when the three leading hospital aid societies of Canada passed the following resolution:

"That this meeting recommends that all three associations, viz: the Canadian Red Cross Society, the St. John's Ambulance Association, and the St. John's Ambulance Brigade co-operate in the formation of voluntary aid detachments, male and female, throughout Canada and especially so far as the women of Canada are concerned, to make such articles for the use of the troops in the field as laid down in the scheme of voluntary medical aid in Canada."

A shipment of articles such as the ones named above will be made from Edmonton to the central committee at Ottawa, within the next few weeks and all societies or individuals desiring to co-operate by contributing some of their own work should communicate at once with the Provincial Secretary, St. John's Ambulance Association, Mr. W. Harlow, University of Alberta, Edmonton, South.

Some of our readers have been wondering why they only received four pages of the Dayland Press, last week. Instead of eight as usual. We can only say that it is one of the results of a large majority of our subscribers failing to pay their subscription when it becomes due. If you prefer the larger size paper, loop up with the cash.—Press.

ALBERTA RANCHER MAKES GOOD SUGGESTIONS TO HORSE BREEDERS HERE

The Times is today in receipt of a letter from a well known Alberta rancher, whose opinions with reference to horse breeding are respected throughout the country. He makes a suggestion that may well be commended to the Horse Breeders' Association for consideration and action. His letter in part is as follows:

"I think that most of us now realize that we have all got to do something to help our country at this critical time, and there is no question but that we can all assist in some way. I really wish to do so. It occurred to me that the horse breeders of the country can help their country very materially, and at the same time help themselves too. I am bringing the matter to your attention, and would suggest that you take it up through your columns."

"Let us assume that a large number of horses will be required for this war, not just at once, at any rate later—horses for cavalry, artillery and transport, and these horses must be broken and well broken. I would appeal to the patriotic horse breeders to supply the best horses at a fair price, and to sell as many as they possibly can. Suppose they run themselves short of broken horses for the war, they can easily break others and thereby give work to an who might not otherwise easily obtain work."

"I know that if I were still in the business I would sell every broken horse I could, and go to work on once and any unbroken horses, and put them to work, thereby circulating money and giving extra employment. I would keep on breaking horses all winter, and I would also feed the good during the winter, and have them in condition for sale in the spring, when they will be much in demand. I am confident that our Alberta ranchmen have the opportunity of doing something for their country and for themselves, and also for the good of the Alberta-bred horse. They will handle the situation in business like any other and encourage army remount purchases to their horses. To do this they must offer their good horses at a fair price and in the best condition, and have them in good condition and all well broken."

"There is no reason why a very good horse cannot be broken and it rests with the horsemen themselves to go and do it. I think it would be a good plan for the Horse Breeders' Association to call a meeting to organize a definite campaign to get the government trade."

CANADIAN PATRIOTIC FUND

Edmonton, Sept. 3.—A special meeting of the Executive Council of the Alberta Patriotic Fund was held last afternoon for the purpose of considering communications regarding the organization of which a statute was passed at the last meeting of the federal parliament, of which His Honor the Lieutenant Governor of Alberta and the Premier are charter members, representing the province of Alberta.

The object of the fund is to assist not only the dependents of Canadian volunteers and regts, but also British army and navy reservists, who are living dependents in Canada, have gone to join the colors.

Local organizations will be formed in every city and in throughout Canada for the purpose of receiving funds for this cause very large amounts of money will be needed, and the executive committee decided, for the purpose of assisting the fund, a statute will be passed at the approaching session of the legislature authorizing the provincial treasurer to collect, starting the month of October and continuing during the war, from the salary every civil servant receiving salary up to \$1,000.00, the sum of one per cent, and for anything above a sum of 10 per cent, including members of the government, all officials of whatever nature or rank. It was thought that this preferable to any general reduction of salary which might have been forced on the government, owing to the conditions.

Although this does not apply to Lieutenant Governor Buley, whose salary comes the Dominion government, owing to the action he at once took to take the same position his ministers and pay the same amount of his salary.

JUST THIS

Today's thought to-morrow's character. Don't be envious other fellow has his limitations. Nothing fails like Cleanliness is not Godliness, but it may be of forty-second count. We never fully take the perfection of our frill we cease looking for it. Love is the greatest of our affection in action.

THE STAR STORE

Ready-To-Wear, House Furnishings, Millinery, Dressmaking (2nd Floor)

COMMUNICATION

(We do not necessarily endorse the sentiments advanced by this or any other correspondent under this heading.—Ed.)

WHAT PROHIBITION MEANS.

Editor of Wetaskiwin Times,
Dear Sir:
For the benefit of those interested I would like to explain as briefly as possible what prohibition would mean for the province of Alberta.

It means the closing of the licensed hotel as such and when the hotel is reopened as an unlicensed house it means better accommodation, not higher prices, and a far better safeguard for the public, resident and travelling.

It means instead of \$250.00 revenue derived from each bar, we have, at least a few hundred thousand dollars saved and scattered over the province which naturally will do more good than if this money goes to the liquor men.

It means in the case of the mercantile portion of the community no higher prices for the goods they buy because there will not be any increased expenses of the travelling salesman. In all probability the expenses will be less. This talk by the liquor people about poorer accommodation, higher prices, etc., under prohibition is the purest nonsense and can be proved by hotels which are doing business large enough to put any liquor hotel in shame, both in accommodation and price. At the hotels without the bar you are not met the first thing by the half sleep barkeeper whose appearance indicates the business he is running, not the accommodation of the guests as much as the desire to know the amount of liquor they may be able to swallow. At the unlicensed hotel, the guests are met by a clean young man to uniform content to relieve them of their suitcases, etc., and to show where to register. Coming into the dining room you are met by the waiter and the proper place at the table given to you. At the table you find everything to be tidy, clean and up-to-date, and the accommodation waiting to make anyone feel at home. A hotel of this kind where people do not depend upon the liquor to make them pay, costs from \$2.00 to \$2.50 per day.

It means no risk of money being diverted from centres carrying prohibition to centres under license, not for liquor only, but for other commodities as well.

It means less risk of the establishment of "dives" and other illicit drinking resorts in connection with the bar and no chance to say "We are running a legitimate business." It means that all the degrading business which is connected with the use of liquor and is a source of demoralization to the community by fostering all kinds of evil, hole and corner drinking, and any other way of drinking will not be tolerated under prohibition.

It means instead of tempting the young boys by all means to drink and become slaves to the liquor traffic, they are saved for a better purpose in life.

It means a development of feeling of respect in the community which will bring steadiness generally.

It means less drunkenness and a great saving for those who have to visit the police court for being drunk and disorderly.

It means less fostering of hypocrisy because the prohibition law will help to straighten out the roundabouts.

It means the uplifting of the individual liberty and self-control, with nothing but gain in exchange.

It means that prohibition takes away the bar with all its evils and gives everybody a fair chance to escape its deadly grasp.

It means that our working men will be of a better class who think of saving their hard-earned wages for better things than the bar can give. No town or community ever derived any moral benefit from the drinking working class. I am sorry to say, they cannot be trusted like sober men. The greatest railway companies of today are coming to the practice of having only total abstainers employed on their roads.

It means that the people will be given an equal chance to choose between drinking and not drinking, while under the present conditions the liquor traffic practically have the public by the throat and unless you drink you are not in it.

It means a change of public opinion so that instead of drinking being looked upon as something rather manly and respectable, it will be looked upon as it really is, a shame, only to be indulged in by the lower class, not meaning the poorer class, but the low class of any social standing whatsoever.

It means that if the electors of the province vote in favor of the prohibition law the people will take no further of the barkeep in the matter of accommodations.

It also means that the licensed Victrola men will be relieved of the strict enforcement of the liquor license laws and their hotels of high standard. There will be no further need of proving that their association has done such wonders in advancing the standard of morals in the province.

Considering all this, is it not better to preserve the good we are entitled to by voting for prohibition, instead of giving all to the liquor traffic?

Yours for Provincial Prohibition,
N. N. GULLICKSON,
Camrose, Sept. 12, 1914.

HAY SITUATION.

The Calgary Board of Trade sends the following:

Advices have been received by the Calgary Board of Trade that the Ontario and Quebec hay crops will not reach the average. It is stated that in Quebec, possibly the largest producing province of this commodity to Canada, an exceedingly small crop will be gathered. Ontario will probably realize a little better than Quebec, but it is evident that that province will not have need to meet local demands. Prince Edward Island and Nova Scotia are in good shape in this regard but it is thought that their surplus will not offset the shortage in the two larger provinces.

The situation in Europe will probably be responsible for a shortage in some of those countries. A large number of the men who would be employed in putting up hay have been called to the war, and it is safe to assume that should there be a surplus in any one of these countries it will be very jealously guarded.

Another feature of the situation is that the British government is purchasing a large number of western mounts who will thrive better on western hay and oats than they have been accustomed to. These conditions will result in a demand for hay in those districts where hay is plentiful, the need for every blade being cut and carefully stored, pending the demand, which is here to come during the winter.

It is not improbable but that the prairie hay will demand a rather better figure than previously, is timely and other more valuable grasses will be exported and the demands for the former will proportionately increase.

It will be the wise farmer who will take advantage of these conditions and see that when hay is over, his fields are dotted with a number of good hay stacks. There are many who would not be surprised during the coming winter the prairie hay exported, and I do not doubt should this condition arise, that the railways will put in rough rates to Britain and other centres from Alberta, in order to facilitate the movement, and farmers should see that this province is in a position to supply a large amount of hay when the demand arises.

CAMROSE

(From the Canadian)

Mr. and Mrs. C. G. Cornille and family arrived home Friday morning after spending the summer at Vancouver, B.C.

There are an unusually large number of prospective students for the Lutheran college this fall who will be looking for an opportunity to work for their board, and lodging they can get such work they will be while attending the school. Unless unable to do so.

Mr. and Mrs. Alex Moffatt, 130 Seventh street west, announce the engagement of their eldest daughter, Margaret Janet Moffatt, to Mr. George Smith of Camrose, member of the Legislative Assembly of Alberta, for Camrose constituency, the marriage to take place quietly on Sept. 23—Calgary Herald.

Superintendent J. G. McGregor of the C.P.R. headquarters at Edmonton was informed a short while yesterday and we out the information that the schedule of the Hamilton to Edmonton local passenger would shortly be changed to make connections at Estevan with the south bound passenger leaving Edmonton at eight o'clock. This train arrives at Estevan at 9:07 and it is likely the Edmonton local will pass Camrose about 7:45 (instead of 8:45 as at present). This change will be appreciated by all the C.P.R. towns along the line as it not only gives direct connection to Calgary and the Spokane route, but also lands passengers in Edmonton earlier in the day.

Some sixty men have signed a petition to the present conditions in Camrose and to go to the range to practice shooting at least twice a week. The petition has been presented to Mayor Tray who has taken the matter up with the militia department. This is not formed with the idea of interfering for the front but may occasion demand other itself for the defence. No reply has yet been received from the minister of the club are expected. It is a usual custom for the department to furnish one rifle for each four men and furnish ammunition at the Government supplies ammunition free for the annual shoot.

WAR'S FREE.

To follow intently the European war situation and keep in touch with the light movements of the

Dr. Morse's Indian Root Pills

are not a new and untried remedy—our grandfathers used them. Half a century ago, before Confederation, they were on sale in nearly every drug or general store in the Canada of that day, and were the recognized cure in thousands of homes for Constipation, Indigestion, Bilelessness, Rheumatism and Kidney and Liver Troubles. Today they are just as effective, just as reliable as ever, and nothing better has yet been devised to

Cure Common Ills

troops a comprehensive war map of Europe giving all details is essential. Of all the maps issued there is but one that fills the bill, and that is the one issued specially by the celebrated map makers—G. W. Bacon & Co., London, Eng.

The publishers of "The Family Herald and Weekly Star" of Montreal, always alive to the best interests of their subscribers the moment the map was issued, called an offer for "Canadian Rights of the map." Their offer has been accepted, and Family Herald subscribers will have the best map available.

The "Times" has concluded arrangements with the Family Herald and Weekly Star, by which our readers may also secure the map free of charge. In this issue will be found a clipping of the two papers, including the map. The offer is one that every reader of "The Times" will accept.

Newspapers are paying dearly for the war. The price of paper is going up, up, up! The cost of telegrams and cablegrams has increased from thirty to fifty per cent. Scores of newspapers have suspended publication, and hundreds of others have raised the subscription price. For the present the Family Herald and Weekly Star, being in an exceptionally strong position is able for the present, at all events, to keep its rate as formerly, but an increase later on may become necessary. In the meantime, during the next thirty days, our readers are offered the greatest bargain in the newspaper world today. Read over the announcement on another page of this paper and order at once.

25,000 INDIANS ARE IMPERILED BY WAR SITUATION

Ottawa, Sept. 16.—It is stated here that upward of 25,000 Indians, living all the way from the north shore of the Gulf of St. Lawrence to the coast of British Columbia, are so vitally affected by the war that their very existence is imperiled and the government will be called upon to save the situation.

The Hudson's Bay Company has been in communication with the Indian department for some days past asking that government measures be taken for the care and protection of the northern Indians during the coming winter. The company complains that owing to the present uncertainty of conditions so far as the fur market is concerned, all fur-trading concerns, including their Revillon Freres, and the independent companies, will be unable to make the usual advance of supplies, etc., which in past years has enabled the Indians of the north to go forth into it as wilderness and do the winter's trapping, whereby they can make sufficient to pay their debts to the company, but to keep themselves and families over summer. As a consequence, it is estimated that over 25,000 Indians will be affected and deprived of their means of livelihood. The fur companies claim that owing to the war they have no market for their present surplus.

Little Boy Was Not Expected to Live

Was Taken Sick with Diarrhoea

They Were 30 Miles From a Doctor

SO GOT

DR. FOWLER'S

Extract of

WILD STRAWBERRY,

Which Cured Him

Mrs. Fred Schopp, Pennant, Sask., writes:—"I used Dr. Fowler's Extract of Wild Strawberry when my little boy was not expected to live. We were thirty miles from a doctor, when the little fellow took sick with diarrhoea. He at first would sleep nearly all day, and at night would be in pain, and would have a passage every five or ten minutes. This went on day and night until he began to pass blood. Fowler's, I bought, but without any good effect at first. I began to give him a larger dose, and soon he began to get relief. It was the only medicine I had in the house at the time, and I always kept it now for inside of three days my boy was out playing, and was as well as ever."

This grand remedy has been on the Canadian market for nearly seventy years, and is without a doubt, the best known remedy for all Bowel Complaints. Refuse to take any other preparations when you ask for "Dr. Fowler's." There is nothing else in the line that can be

PUBLIC SCHOOL BOARD MEETING

The minutes of the regular meeting of the Board of Trustees of the Public School, held Sept. 15, present, Chairman Fowler, Trustees Manley, Hoare and Ellis.
Minutes of last meeting read and approved. Communications read from the Dept. of Militia and Defence enclosing grant for the Cadet Corp. From Dept. of Education re the option on certain parcels of land in subdivision.

On motion of Trustee Manley the Secretary was instructed to keep a separate account in regard to the Cadet Corp.
On motion of Trustee Ellis the chairman appointed a committee to enquire into the advisability of the lots mentioned for school purposes in the subdivisions. Committee appointed consisting of Trustees Manley and Ellis.

Moved by Trustee Ellis that the Principal of the schools be held responsible for any long distance calls over the telephone. Motion carried. Accounts read and ordered paid.

The Principal was instructed to get tenders for the water connection in the Science room.

In the discussion regarding the private school, the chairman was instructed to interview Inspector Nelson in the matter and report.
A request was received from the Separate school, board re the attendance of pupils to the public school. It was moved by Trustee Manley that the Separate school board be notified that this board adheres to its past position, viz. that all ratepayers supporting the Separate school, whose children attend the public school shall pay such fee as is allowed by the School Ordinance. Carried. The principal was instructed to collect these fees.

Regarding the formation of a new school district to the south of the city, the following resolution was carried:
"That this board will not oppose the taking of the south portion of our district in order that a district may be formed as per plan submitted to the chairman of our board, but we would submit to the Hon. Minister of Education that this board has many pupils from outside districts attending our schools from whom no fees are received, that the loss of 13 quarter sections as proposed will mean a reduction in our fund of about \$500.00 per annum. That we think the new district should be formed without any deduction from our district. Moved by Trustee Hoare and carried.
Meeting adjourned.

"THE BANDIT'S GHOST" TO BE PRESENTED SHORTLY

The Wetaskiwin Dramatic Co. is drilling on the intonitory play entitled "The Bandit's Ghost," and is at present looking for a favorable date which will be as soon as possible. The play represents two brothers, both wealthy—one joins the army and the other enters the law office of the firm that are the administrators for their father's will. Their sister dies, leaving a baby girl, and the old lawyer sees his chance by taking care of the girl, to gradually rob the brothers. If he succeeds in getting on the good side of the girl who joined the army, and by false papers send the other brother to jail. Upon his release the young lawyer, so he Australia, discovers a diamond mine and then returns and revenges the wrongs.
The players are as follows:
Captain Sinclair, (a retired army man) Mr. Howard Fee.
Chief of Police Hartly (the villain—son to old lawyer Hartly), Mr. J. P. Johnson.
Alice Sinclair, (the supposed daughter of Captain Sinclair), Miss A. Treseberg.
Nancy Lane, (Alice's cousin) Miss Dolly Gilling.
Count of Monterey—Chief of Bandits (The Captain's brother), Mr. B. Heidesstrom.
Bandits, Servants, etc.
Act 1.—The Home of Captain Sinclair.
Act 2.—The Bandit's Cave.
Act 3.—The Home of Captain Sinclair.
Special engagement between a couple of little Miss Dorothy Orange—a coming star, if developed.

LADIES TO ORGANIZE FOR PATRIOTIC WORK

A meeting of all the ladies in the city will be held in Angus Theatre on Wednesday afternoon next at 4:30 for the purpose of formulating a plan for doing systematic patriotic work. Mayor Ellis has consented to act as chairman. As the ladies of this city should do their share in raising the wages and families of those who have enlisted to defend the Empire, a large and representative attendance is urgently requested.

PATRIOTIC MEETING TUESDAY EVENING

Many of the citizens have awakened to the great responsibility resting upon the nation at this time, and in order that Wetaskiwin may do her share to swell the Patriotic fund and look after the families of those who have gone to the old land to fight for their own country, a meeting will be held in the Bijou Theatre on Tuesday evening next for organization purposes. It is expected that a speaker will be in attendance from Edmonton, who will give information as to the way the fund is disbursed, and other information. It is urgently requested that the farmers attend this meeting, as they can very materially assist in giving employment, and in the alleviation of suffering. Every citizen should keep this meeting in mind and be at the Bijou on Tuesday night next.

Church Chimes

The Gospel in song and service will be presented by the Scandinavian people by Mission Sister Hill.

Rev. T. F. Barker, returned missionary from Asiatic Turkey, who has had fourteen years' experience among the Mohammedans, will give a missionary address in the English Baptist church on Saturday evening of this week, at eight o'clock. The Mission Bureau of Edmonton, will conduct a song service at 7:45. Every-body welcome.

A meeting of those interested in the work of the British and foreign bible society will be held in the Presbyterian church on Friday evening of this week. Addresses will be delivered by Rev. Bowen of London, Ont., Rev. Dr. Wright, of Vancouver, and Rev. H. D. May, the provincial secretary. The object of the meeting is to enable the citizens of Wetaskiwin to become familiar with the grand work the society is doing in all parts of the world. The meeting in non-denominational, and a cordial invitation is extended to all to attend.

The Presbytery of Lacombe met at Dayland on Tuesday, September 15, and ordained Mr. Jemp McLean to the ministry. The Rev. D. C. Rainey, Moderator, presided and preached. The Rev. J. A. James of Strone, addressed the minister-elect. Mr. B. A. Foxworth, of the congregation, after the ordination service, the Rev. M. McLean was robed in a pulpit gown, presented to him by his minister, the Rev. Dr. Cunningham, of Sterling, Scotland, and several addresses were delivered by resident clergymen, office holders in the church, and citizens of the town.

METHODIST.
Sunday, September 28. The pastor M. L. Wright will preach morning and evening. Morning, 11 a.m. subject "Ishmael."
Sunday school, 9:30 a.m.
Evening, 7:30 p.m. "The Christians Attitude to War."

KNOX CHURCH
The Rev. A. G. Cameron, formerly of Lethbridge and now of Edmonton will be in charge of the services in Knox church on Sunday next.
